

PEER REVIEW FORM
Guidelines

Paper title:

Author:

Reviewer's recommendations

1. Accept without revision
2. Minor revision
3. Major revision
4. Reject

Evaluation

Summarize the article in a short paragraph and give an overall evaluation of the manuscript.

Content

Does the article have an easy to read structure regarding communication of main points and flow of argument? Does the author answer the questions he/she sets out to answer? Is the article well-written and easy to understand? Are you convinced by the author's results? Why or why not? Does the paper contain the appropriate referencing to provide adequate context for the present work?

Presentation

Does the title successfully reflect the content of the contribution? Is the length of the text justified in accordance to the content? Give specific comments and suggestions, including about layout and format.

Relevance

Does the paper present or expand upon novel or interesting ideas? Is the submission original?
